Storage drawers built into the platform bed in the minimalist principal bedroom keep items neatly out of sight. Handwoven and superthick, the vintage wool Beni Ouarain rug from Morocco provides warmth and soft texture. **Bed**, Ikea; **Saarinen side tables**, Inform Interiors; **throw pillow**, table lamps by Jieldé, Mint Interiors; **blinds**, The Natural Textile Co.; **throw**, The Cross; **artwork**, Angela Grossmann.

With its smooth contours, the oval tub by Victoria + Albert in the principal ensuite has a spare, sculptural beauty. A single floating shelf adds just enough storage and display space. **Tub**, Cantu; **floor tile**, Daltile; **vase**, CB2.

LEFT: A lacquered MDF shelf was built below the floating vanity for storage in the principal ensuite. "It works well if you can live clutter-free," says Burke. **Sconce** by Tolomeo, YLighting; **fixtures**, sink, Cantu.
